1/4" Platinum Reflective Fire Glass

It's no secret that platinum is prized worldwide for its rare beauty. Platinum is also synonymous for the highest level of quality and performance. If your customers are looking for something truly elegant to show off their good taste and to create a lasting impression on their visitors, then our 1/4" platinum reflective fire glass is for them!

Diamond-like in appearance, this beautiful glass is sure to amaze all onlookers as it sparkles and glitters in a fire feature. Whether used in indoor fireplaces or outdoor fire pits, our 1/4" platinum reflective fire glass will bring life to the gathering, enhancing the decor and completely transforming the ambiance. When the fire feature is lit, all onlookers will be treated to a dazzling display as the amazing glass shines and reflects the bright yellow flames above it in all directions.

A Practical Alternative to Ceramic Logs & Stones

Our 1/4" platinum reflective fire glass is not just brilliant to behold, it is also very practical. It does a great job of covering the entire floor of a fire feature, effectively hiding the unseemly tubes and pipes which are often visible in gas fireplaces and fire pits. This makes fire glass a more desirable alternative to the more commonly seen ceramic logs and fire stones.

Extremely Durable, Safe & Long Lasting!

All our fire glass is made of high quality tempered glass which has been manufactured via a unique 5 step process that allows it to withstand harsh weather and temperatures of up to 1300 without sustaining any damage or discoloration. Used correctly, this amazing product could last your customers a lifetime!

Another advantage of fire glass is that it does not emit any harmful chemicals, smoke, ash, or soot,

thus it hardly requires any cleaning and is very easy to maintain.

If your customers want something to dazzle their visitors, introduce them to our 1/4" platinum reflective fire glass!
