

1/2" Pacific Blue Fire Glass

Product ID: AFG-AFF-PABL12

Weight: lbs

Manufacturer: American Fire Glass

1/2" Pacific Blue Fire Glass

Everyone enjoys unwinding on a beach vacation! There are few things as relaxing as lying on a beach chair on a bright sunny day and gazing out over the vast, deep blue ocean. Now, imagine if you could enjoy that same feeling every evening? Well, with our 1/2" Pacific Blue fire glass, your customers can bring the deep blue ocean into their very own fire feature!

Like our 1/4" Pacific Blue fire glass, these 1/2" pieces are reminiscent of the cool blue Pacific Ocean waters; however these chunkier pieces allow for better air circulation, delivering a larger and more impressive flame. Our Pacific Blue fire glass works beautifully with both classic and contemporary décor styles and also blends well with color schemes that are dominated by shades of blue. It looks fantastic by poolside! When your customers light their fire feature, this dazzling fire glass will turn even a humble fireplace into a brilliant work of art.

A Practical Alternative to Ceramic Logs & Stones

Our Pacific Blue fire glass is not just dazzling to behold, it is also very practical. It does a great job of covering the entire floor of a fire feature, effectively hiding the unseemly pipes and tubes which are often visible in gas fireplaces and fire pits. This makes fire glass a more desirable alternative to the more common ceramic logs and fire stones.

Extremely Durable, Safe & Long Lasting!

Our 1/2" Pacific Blue fire glass is made of brand new tempered glass, via a 5 step manufacturing process that renders it a beautiful shine and also allows it to withstand temperatures of up to 1300 degrees Fahrenheit without any damage or discoloration. Used correctly, this fire glass could last your customers a lifetime!

One of the greatest advantages of fire glass is that it does not emit any harmful chemicals, smoke, or soot, thus there is hardly any cleaning required!

Tell your customers to bid adieu to their outdated fire logs and give a face lift to their fire feature with our 1/2" Pacific Blue Fire Glass.
