1/2" Evergreen Reflective Fire Pit Glass

Green is the color of life and all things living. It brings to mind: energy, health, vigor and vitality. It is also the color most preferred by nature lovers. Now your customers can bring a piece of life and nature into their own living rooms with our 1/2" evergreen reflective fire glass.

Reminiscent of emeralds, this beautiful glass is sure to dazzle your customers and their guests as it shines and glimmers under the bright yellow flames in their fire feature. The single mirrored side of each of the glass pieces will further enhance the experience, beautifully reflecting the lights and colors of their surroundings, enchanting all onlookers and becoming and subject of all conversations.

A Practical Alternative to Ceramic Logs & Stones

Our 1/2" evergreen glass is not just beautiful to behold, it is also very practical. It does a great job of completely covering the floor of a fire feature, effectively hiding the unseemly pipes and tubes that are often visible in gas fireplaces and fire pits. This makes fire glass a much more preferable alternative to the more common ceramic logs and fire stones.

Extremely Durable, Safe & Long Lasting!

Made of tempered glass, all our reflective fire glass is designed to withstand temperatures of up to 1300 degrees Fahrenheit and harsh weather without ever cracking, or losing its color, or shape. Used correctly, this amazing product could last your customers a lifetime!

Furthermore, our fire glass releases no harmful chemicals, smoke, ash, or soot and is very easy maintenance, so your customers will hardly ever have to worry about cleaning up!

If your customers are nature lovers, introduce them to our 1/2" evergreen reflective fire glass today!
