1/4" Gold Reflective Fire Glass

There is nothing like gold. Gold adds glamour, richness and warmth to one's surroundings in a way no other color can. Gold complements and enhances any decorating theme, in any season. Now, with our gold reflective fire glass your customers can place their wealth and riches on display.

Our 1/4" gold reflective fire glass is a breathtaking improvement to any fireplace from the usual logs and piping. The flames will bounce and reflect off the rich gold colored glass pieces, lighting up and enriching the mood of the surroundings. Your customers' fireplace will immediately become the focus of everyone's attention and the center of discussion.

Extremely Durable, Safe & Long Lasting!

American Fireglass ensures your customers' gold reflective fire glass lives up to a 'gold' standard. Made from tempered glass, all our fire glass is guaranteed to withstand harsh weather and temperatures of up to 1300 degrees Fahrenheit without crumbling or losing its shape, color, or dazzling reflective properties. Under normal conditions, this amazing product can last your customers a lifetime!

Another advantage of our gold reflective fire glass is that it does not emit any harmful chemicals, smoke, or soot, thus your customers will be able to enjoy this wonderful product with hardly any cleaning or maintenance!
