Large Gray Tumbled Lava Stone - Oversized Style, Premium Presence

Bring bold texture and eye-catching contrast to your fire feature with our Large Gray Tumbled Lava Stone. Each 2" to 4" stone is naturally formed, then tumbled smooth for a polished finish that enhances airflow and elevates flame visibility. Their generous size makes them a standout top layer for expansive fire pits, fireplaces, and commercial installations.

Due to their size, these stones are not designed for direct burner coverage. For safe, efficient operation, they must be installed over a base layer of [Small Lava Rock](#) or [Medium Lava Rock](#). Once layered properly, they deliver dramatic flame movement, clean performance, and a premium, architectural finish.

Natural Volume, Modern Finish

Each batch is sorted and hand-processed for consistent size and color. The soft gray-to-charcoal tones pair beautifully with modern and rustic settings alike, while the tumbled texture softens the rugged appearance. These stones are porous, lightweight, and built to withstand high temperatures without crumbling or fading.

Low Maintenance, Big Impact

Like all American Fire Products media, our large gray lava stones are responsibly sourced, sifted, and packaged in the USA. They're clean-burning, maintenance-friendly, and covered by a lifetime warranty. Apply 2-4 inches above your base layer and enjoy a fire feature that commands attention and performs reliably season after season.

If you're looking for an oversized lava rock that delivers both visual weight and long-term value, Large Gray Tumbled Lava Stone is your go-to choice for bold top-layer design.

Technical Specifications

1. **Top Layer Only:** Must be used above a base of [Small](#) or [Medium Lava Rock](#)
2. **Size:** 2" to 4" diameter | Sold in 10 lb bags
3. **Material:** Natural tumbled volcanic stone with porous structure and smooth edges
4. **Heat Rating:** Engineered for extreme heat—won't crack, melt, or discolor
5. **Maintenance:** No soot or ash buildup—just keep dry for best results
6. **Same-Day Shipping:** Most orders ship same day from our U.S. warehouse [Learn more](#)
