Push-Button Spark Ignition Kit with Spark Probe

There's nothing like enjoying a nice, warm, outdoor fire with family and friends, especially on those cold, winter nights! Some people think lighting an outdoor fire is a 'chore', but that's simply not true! These days, setting up a brilliant fire is extremely easy with American Fireglass' push-button spark ignition kit with spark probe. If your customers already have an outdoor fire pit, then with just the push of a button, they and their guests will be able to enjoy a great fire and some memorable conversations!

Our push-button spark ignition kit with spark probe is easy to install and comes with all the necessary components to light a brilliant fire. Works with a single AAA battery.

The kit comes complete with:

Push-button spark ignition kit

Spark probe

One AAA battery
