

6" Single-Ring Stainless Steel Burner with a 1/2" Inlet

Product ID: SS-FR-6
Weight: 1.0000 lbs
Manufacturer: American Fire Glass

6" Stainless Steel Fire Pit Ring Burner

Any night is a great night for an outdoor fire with close family and friends; especially those chilly winter nights! There is nothing better than to huddle close to the warm, brightly burning fire pit, watching the dazzling fire glass display and enjoying some refreshments and lovely conversations. However, if you want to help your customers organize a truly memorable outdoor fire display, you need to ensure you recommend the right equipment, including our 6" fire pit ring burner!

Designed to Impress, Easy to Install

Our high quality 6" fire pit ring burner is designed to delight all onlookers with its amazing flame. The cross bar design allows for a truly realistic and evenly distributed flame and the burner holes have been drilled, not punched, which means no whistling noises are produced. Our burner also comes with a convenient ½ inch gas inlet for easy connection to a natural or propane gas supply. It can be easily installed without any professional help.

Extremely Durable & Long Lasting

Made of 304 stainless steel, our 6" fire pit ring burner is not only elegant to behold, but also very durable. It can withstand extreme temperatures and harsh weather without any damage or discoloration. It will last your customers for many years to come!

To be used with a 2 - 4 inch layer of fire glass for the most spectacular effect!
