

36" x 12" Rectangular Drop-In Pan with Spark Ignition Kit - Natural Gas

Product ID: SS-AFPPKIT-N-36
Weight: 19.0000 lbs
Manufacturer: American Fire Glass

36" x 12" Rectangular Stainless Steel Drop-In Pan with Spark Ignition Kit (Natural Gas)

A warm, cozy fire pit can be an ideal outdoor retreat for family and friends, especially during those cold winter months. Our 36" x 12" rectangular drop-in burner pan with spark ignition kit (natural gas) is just what your customers will need to organize such an event. With just the flip of a switch, your customers and their guests will be enjoying a brilliant flame and lots of memorable conversations!

Our 36" x 12" rectangular drop-in pan with spark ignition kit (natural gas) comes fully equipped with all the following components:

36" x 12" Rectangular Drop-in Burner Pan w/ Built-in H-Burner - Our 36" x 12" rectangular drop-in burner pan comes with a convenient 'lip' so that it can be installed into a fire pit and easily removed after use. These burner pans greatly reduce the amount of fire glass your customers will need to fill their fire pit by creating a false bottom which gives the illusion that the fire pit is full, whereas only the top part of it is. All our rectangular drop-in burner pans are made of 100% stainless steel, which means they are very durable and can withstand extreme heat as well as harsh weather without sustaining any damage or rusting. Each comes with a built-in H-burner and drilled weep holes to prevent water accumulation.

A Push Button Spark ignitor - requires a single AAA battery (not included) and ignites with the push of a button

Fire Pit Connection Accessories - including gas hose (5' and 5'), key valve, chrome key valve, key valve, key and cover plate.
