RAPIDS 1500

ROBOTIC
CLEANERS

DESIGNED FOR ALL POOL SHAPES IDEAL FOR ALL SURFACES!

The Aquabot Rapids 1500 is designed to clean Residential In-Ground Pools of all sizes and surfaces. Thanks to the patented AquaSmart Gyro System, the Aquabot Rapids 1500 will automatically brush, vacuum and micro-filter dirt, debris and contaminants from the pool's floor, walls and waterline in a synchronized fashion helping to keep the cable from tangling.

The AquaSmart Gyro System is an intelligent program for robotic pool cleaners that aids the cleaner to efficiently clean any standard residential swimming pool in approximately 2 Hours. The smart algorithm installed in the brain of the cleaner enables the robot to cover the pool in a systemized fashion, without wasting time. Additionally, the Rapids 1500 comes equipped with the Aquabrush Clean System, which is a patented vibrating brush located at the bottom of the unit. This system increases the cleaning efficiency of the unit.

KEY FEATURES

- Extra Long 60' Cable with Swivel
- The Rapids 1500 is equipped with AquaSmart Gyro Technology to clean efficiently and reduce cable tangling
- Includes Super Grip scrubbing brushes for superior wall climbing

**FREE CADDY
INCLUDED!**
