

BWT ESSENTIAL ES800

YOUR POOL, YOUR WAY.
SMART, LIGHT, FAST.

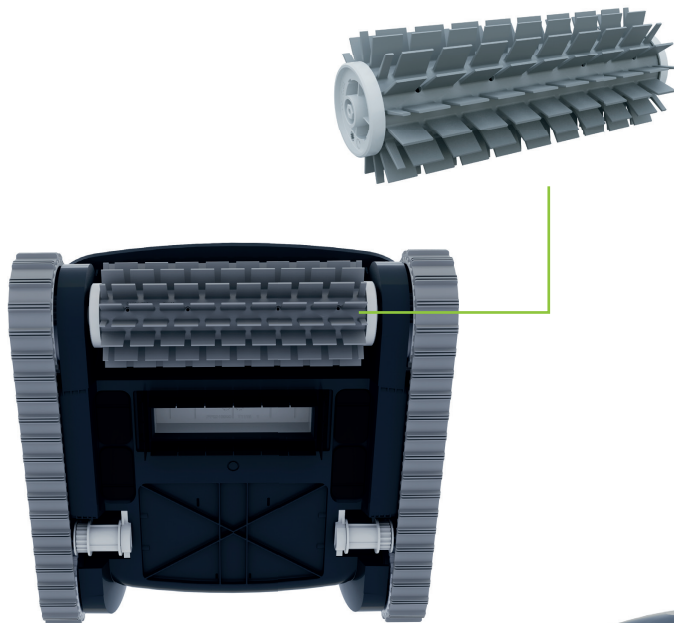

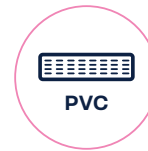

For You and Planet Blue.

 **BWT**
BEST WATER TECHNOLOGY

Upgrade your pool maintenance routine with the **BWT ES800**.

This more advanced model offers a longer Gen Core 7 smart cable and a user-friendly mobile app for complete control.

With three customizable cleaning cycles, the ES800 adapts to your pool's unique requirements, ensuring a thorough and efficient clean every time.

PRODUCT ADVANTAGES QUICK VIEW

- Cleans the floor, walls and waterline
- Impressive suction power
- Lightweight, only 12 lbs
- Mobile app for remote control

Patented Anti-Entanglement System: Smart Cable Control

Equipped with BWT's patented **Smart Cable Control** (SCC) technology, the ES800 optimizes its trajectory in real time thanks to integrated sensors and our

Gen Core 7 navigation system. No more tangled cables! The robot moves smoothly and efficiently, giving you complete peace of mind.

Choose your cleaning cycle remotely

The ES800 is equipped with **BWT Home App**, allowing you to select from three distinct cleaning cycles (1.5 hrs, 2 hrs, and 2.5 hrs) to cater to your specific pool needs. The robot cleans the floor, walls and waterline of any pool up to 40 ft.

Lightweight and easy to handle

Weighing in at 12 lbs, the ES800 can be transported and set up effortlessly. Its rapid water evacuation system makes removing it from your pool a breeze.

Effective brush and powerful suction

The PVC brush combined with its impressive 4,000 GPH suction power ensure in-depth cleaning, removing algae, debris, and other impurities. The full filter indicator will warn you when it's time to clean it: simply remove the fine filter from the top and rinse off.

Smart navigation

The ES800 adapts its driving pattern to your pool shape thanks to its integrated gyroscope. It can also rotate on itself to avoid scattering debris!

| Technical specifications | |
