- Uses Standard 2 kHz Null Tracking Signal
- Ground Stake Included
- Transmitter Automatic Off Switch
- Range – at least 1,000 ft., Depth – up to 4 ft.

PRODUCT DESCRIPTION

The Pro300™ Residential Wire and Valve Locator is a value packed tool for contractors working with shorter wiring like residential sprinklers or invisible fences. The Pro300™ consists of a transmitter and receiver combination just like its big brother, the Pro700™, but uses a smaller power output to match smaller jobs. The 2 kHz frequency, null tracking signal, and setup are exactly the same as the Pro700™. Designed to keep within budget, the pricing is small as well.

SPECIFICATIONS

Weight: Transmitter 3 lbs
Wand 1 lb.

Power Output: 350v P-P

Output Frequency: 2 kHz

Batteries: 8 "C" Cells for Transmitter
1 9v NEDA 1604 for Receiver
