YOUR LOCAL POOL BUILDER OR POOL SHOP

aquasmart

aquaheat

Discover our full range of solar and heater
controllers delivering ultimate performance

✓ Simple to Operate

✓ Easy to Install

✓ Proudly Australian Made

Leading the way with our dedication to delivering
innovative products and providing excellent service

The AQUASMART utilises its in-built memory and recognises when the sun is shining, starting the system at the optimal time.

This ensures maximum heating efficiency saving money.

- ✓ Anti Boil - Protection From Damage
- ✓ Vermin Resistant
- ✓ Large Back Lit LCD Module
- ✓ Marine Grade UV Sensor Cable

The AQUAHEAT range controls the water flow through electric heat pumps or gas heaters when the water temperature is below the desired temperature limit.

- ✓ 3 year Factory Warranty
- ✓ Simple to Operate
- ✓ Easy to Install
- ✓ Proudly Australian Made
