7

**AN
INDUSTRY
FIRST**

Combining full inverter heat pump technology with exclusive Ai-driven intelligence to deliver unmatched performance, comfort, and running cost savings.

THE RESULTS

SWIM EVERYDAY WITH EVOHEAT

30%+ energy savings

compared to standard inverter heat pumps

Smarter energy use –
heat only when needed

Lower running costs using
predictive AI operation

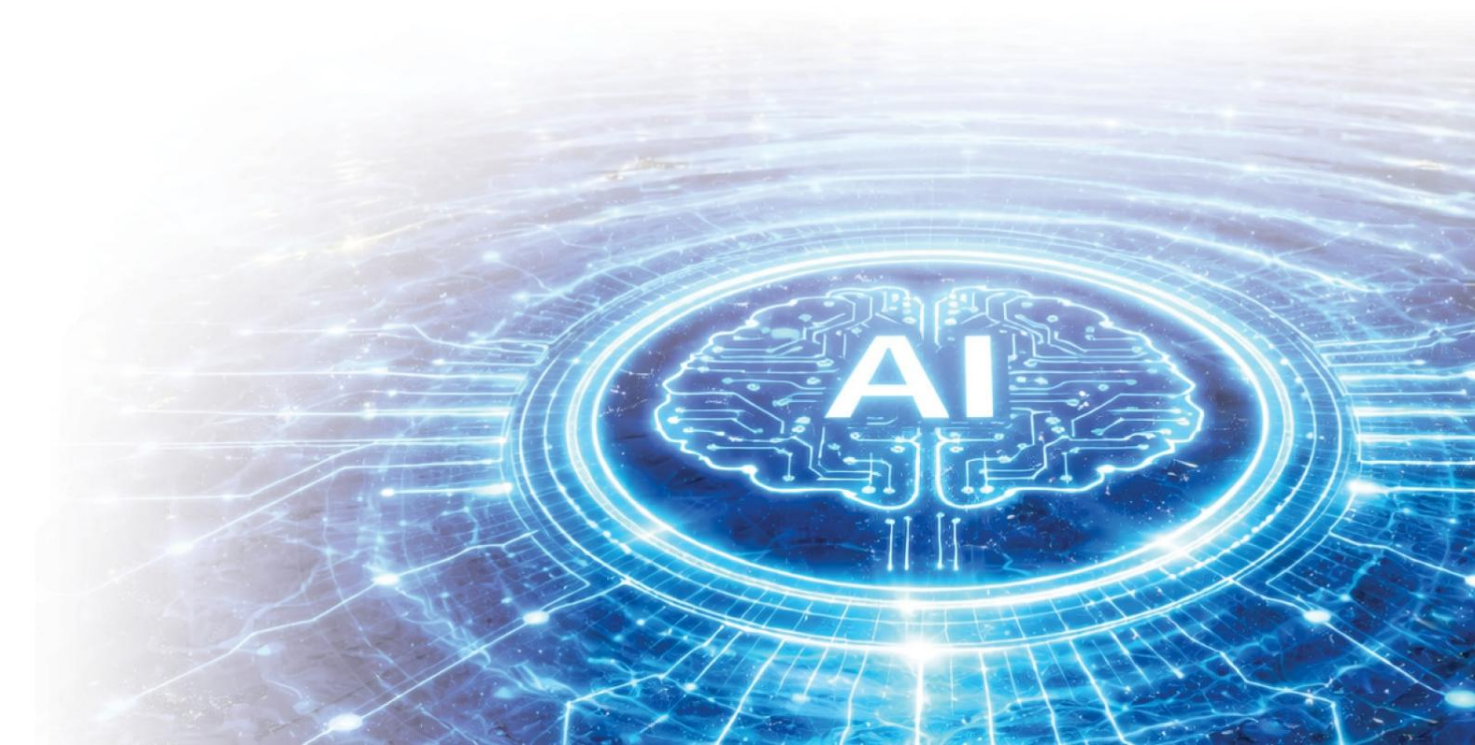

More consistent &
comfortable temps

Reduced system strain
& quieter operation

4G CLOUD CONNECT

SWIM EVERYDAY WITH EVOHEAT

15

**Includes 4G Cloud Connect with integrated SIM,
providing instant online access without requiring home Wi-Fi setup.**

Built-in SIM connects
seamlessly to a
cellular network

No Wi-Fi available? No worries.

REMOTE ASSIST

SWIM EVERYDAY WITH EVOHEAT

18

Advanced Solar Smart Mode allows users to program multiple daily timers and performance parameters.

FORCE Ai MODES

SWIM EVERYDAY WITH EVOHEAT

Ai	Solar Smart	Smart	Eco	Boost
				
Uses real-time temperature and weather data to predict demand and optimise energy use.	Maximise solar energy and off-peak tariffs to reduce heating costs.	Automatically adjusts heating or cooling frequency to maintain the desired temperature efficiently.	Maintains temperature with low-frequency operation for maximum efficiency.	Heats at full power, then automatically switches to Smart Mode.
