

CRYSTAL CLEAR WATER, MADE EASY.

Pro Series Top Mount

Sand Filter

Corrosion resistant construction for long
lasting performance.

Pro Series Top Mount

Sand Filter

- **Integral top diffuser** ensures even distribution of water over the sand media bed. Full-size internal piping provides smooth, free-flowing performance
- **Flanged clamp design** allows for 360° valve rotation to simplify plumbing
- **Efficient multilateral** underdrain assembly with precision-engineered, selfcleaning 360° slotted laterals provides totally balanced flow and backwashing
- **Integral molded drain plug** drains the tank without losing sand
- **Unitized, corrosion-proof tank** is molded of color-fast polymeric material for maximum all-weather durability
- **Corrosion-proof base** provides strong, stable support
- **Patented service-ease design** with unique folding ball joint provides easy access to lateral assembly.

***2 years + 1 year** if purchased from a Totally Hayward Partner.
