# EcoStar **VS**

## Variable Speed Pump

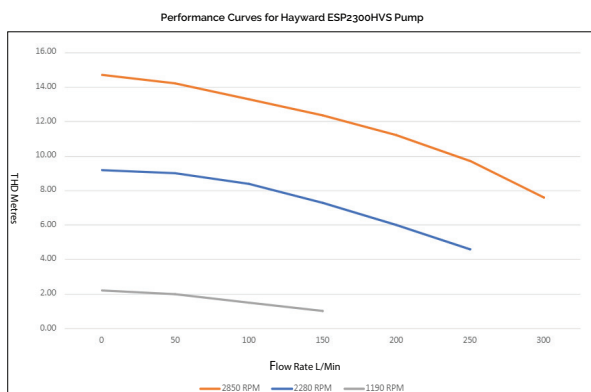

**ENERGY SAVINGS  
YOU CONTROL.**

- Extremely efficient 7-star rating.
- **Better filtration.** The filter can often remove smaller particles when the water moves through slower.
- **Programable interface** allows you to customise countdown timers and priming time.
- **Aligns with the entire MaxFlo line of pumps** for seamless retrofit installations.

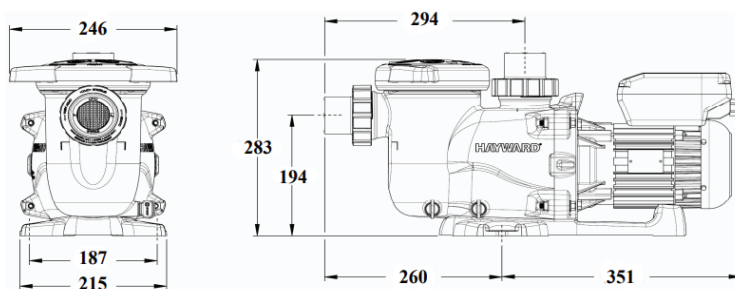

**\*2 years + 1 year** if  
purchased from a Totally  
Hayward Partner.
