

# Bright White Light

Model Number: BMB.PL.96W.W-150.3C

The Blue Mar Nova is one of the most advanced white underwater pool lights in the market. Designed for commercial aquatic installations, it features 100 High-Power LEDs with IP68 watertight protection, a highly durable and corrosion-resistant 316 stainless steel housing, and a full potting break with next-generation microprocessor control. The Blue Mar Nova delivers unmatched quality and performance.

## Illumination

Number of LEDs	100 Latest Generation Cree High Power LEDs, selected to offer the widest chromaticity range
Lumen output	9,841 lm
Color	4300K
Optics	Custom designed for efficiency, optimal beam distribution and steering
Equivalent visible light output	1,560 watt incandescent light

## Power/Control

Output power	96 watts
Input voltage	24VDC [12 VAC available, consult BMB for details]
Cable	150 ft UL listed custom cable designed for submersion, full potting break into light housing
Self protection	Multiple layers of hardware and software thermal protection, built-in Overheat and Humidity monitor with visual alert and remote access, and built-in short circuit protection via non-resettable fuses

## Details

Model number	BMB.PL.96W.W-150.3C
Dimensions	8" Diameter [PAR64]
Certifications	UL 676 Pool and Spa
Installation	Submersible, niche-mounted with built-in BMB technology for natural water convection, providing enhanced cooling and extended light
Origin	Made in USA

## Material

Material	316 Stainless Steel
IP rating	IP68 — Certified Submersible up to 3m depth
Face ring	316 Stainless Steel Flush Mount
Protection glass	8mm tempered safety glass [frosted glass available, consult BMB for details]
