

Gould SOLENOID VALVES

Proud Manufacturer of American-Made Solenoid Valves since 1951

J.D. Gould Company, Inc.

4707 Massachusetts Avenue
Indianapolis, IN 46218

800.634.6853 • Sales@GouldValve.com

www.GouldValve.com

Gould Solenoid Valves are relied upon worldwide for remote control of liquids, air & inert gases, steam, gasoline/ diesel fuel, oils, corrosive fluids & more....

Delivery: Prompt delivery is a key to our success. Standard orders are shipped within 1-2 days of receipt and expedited orders are available same day.

Service: We have an extensive product line for a variety of applications & maintain a fully stocked warehouse ready to respond to your needs. Gould also houses complete machining, fabricating, testing, and engineering facilities at your service.

Made in America since 1951

Pipe sizes from 1/8" - 3" npt

Pressures from 0-1200psi

Most AC/DC voltages available (50/60hz)

Rebuild kits available for all valve models

Can typically be rebuilt while still in line

Built to last with cast valve bodies and in-house machined internal components

UL listings available

Factory options available but not limited to:

- Slow close options
- Quick close options
- Spring loaded pilot assembly for vertical mounting
- Manual resets
- Much more....

Bronze Solenoid Valves

M Series:

- Bronze - 1/8" - 2" npt
- Normally Closed
- Air/Water - Liquids - Inert Gas - Light Oils to 250psi
- Steam to 125psi
- NEMA 4X Water tight / Corrosive Resistant coil standard

Q Series:

- Bronze - 1/8" - 3" npt
- Normally Closed & Normally Open
- Air/Water - Liquids - Inert Gas - Oils to 400psi
- Steam to 200psi
- NEMA 1 Coil Enclosure standard
- NEMA 4 (Water tight) 5 (Dust tight) 7 (Explosion Proof) available

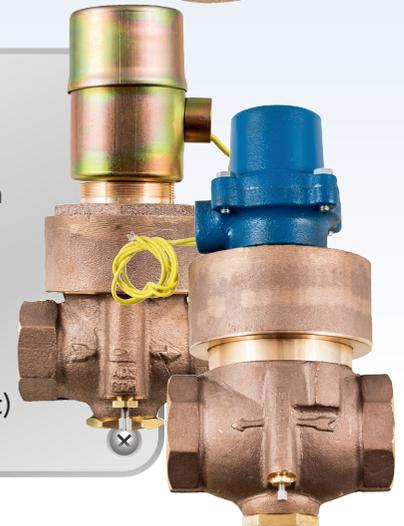

Q-230 Series:

- Bronze - 1/8" - 3" npt
- Safety Valve
- Normally Closed & Normally Open
- Gasoline - Diesel Fuel - Fuel Oils to 150psi
- NEMA 7 Explosion Proof Class 1 Group D for Hazardous Locations

B & D Series:

- Bronze - 1/4" - 2" npt
- Normally Closed & Normally Open
- Water - Liquids - Oils to 1200psi
- Manual Open & Closing Speed Adjustments standard
- Flow control options available
- NEMA 1 Coil Enclosure Standard
- NEMA 4 (Water tight) 5 (Dust tight) 7 (Explosion Proof) available

Stainless Steel Solenoid Valves

K Series:

- Stainless Steel - 1/8" - 2" npt
- Normally Closed & Normally Open
- Water - Liquids - Oils - Corrosive Fluids to 1000psi
- Air & Inert Gas to 400psi
- Steam to 200psi
- NEMA 1 Coil Enclosure Standard
- NEMA 4 (Water tight) 5 (Dust tight) 7 (Explosion Proof) available

K-230 Series:

- Stainless Steel - 1/8" - 2" npt
- Normally Closed & Normally Open
- Gasoline - Diesel Fuel - Fuel Oils to 150psi
- NEMA 7 Explosion Proof Class 1 Group D for Hazardous Locations

Complete 316 SS Solenoid Valves

KX Series:

- Complete 316 Stainless Steel for all wetted parts - 1/8" - 2" npt
- Normally Closed & Normally Open
- Air/Water - Liquids - Oils - Corrosive Fluids to 300psi
- Steam to 150psi
- NEMA 1 Coil Enclosure Standard
- NEMA 4 (Water tight) 5 (Dust tight) 7 (Explosion Proof) available

Since 1951, the J. D. Gould Company has been proud to offer Velvetrol® Solenoid Valves featuring Piston-Pilot operation with a smooth, cushioned close – eliminating shock and water hammer.

Direct Acting Solenoid Valves

B3-21/B4-21 & BH-19 Series:

- Zero pressure differential
- Bronze - 1/8", 1/4", 3/8" npt
- Normally Closed
- Water & Liquids to 100psi
- Steam to 100psi (BH-19)
- Light Oils to 75psi
- B3-21 = NEMA 1 Coil Standard
- B4-21 = NEMA 4X Coil Standard
- BH-19 available in either NEMA 1 OR NEMA 4X Coil

F/G/GX Series:

- Zero pressure differential
- Right angle direct acting valves - 1/8", 1/4", 3/8" npt
- Bronze (F) - Stainless Steel (G) - 316 Stainless Steel (GX)
- Normally Closed & Normally Open
- Air & Inert Gas to 1000psi - Water & Liquids to 600psi
- Light Oils to 500psi - Steam to 200psi
- NEMA 1 Coil Enclosure Standard
- NEMA 4 (Water tight) 5 (Dust tight) 7 (Explosion Proof)

Rebuild Kits:

- Rebuild kits available for all valve models
- Can typically be rebuilt while the valve is still in line

Gould Solenoid Valves MISSION STATEMENT

- J.D. Gould Company Inc., founded in 1951 is a proud manufacturer of American made Solenoid Valves which are competitively priced for industrial & commercial applications.
- Our mission is to lead our industry in Service & Delivery through flexibility, a workforce of dedicated craftsmen, and an awareness of our customers needs.
