MiraGard HD 100 & MiraGard HD 250

These proprietary sealers are specifically designed for garages, driveways, and other areas subject to wear and tear from automobiles. Each is formulated to resist rubber tire abrasion, hot tire marring, and stains from oil, grease, brake fluid, salt calcium, kerosene, alcohol, diluted acids and some caustics.

Both have excellent weathering characteristics and are available in gloss, or low gloss.

- Time tested, long wearing
- Chemical resistant
- Abrasion resistant
- Withstands harsh climate conditions
- Available in gloss and low gloss
- Low VOC acrylic resins and solvent
- For wide array of concrete and masonry surfaces

- MiraGard 100:**
- Solvent based lacquer for wet look
 - Usable in SCAQMD
 - Less than 100 VOC

- Where to Use:**
- For use over concrete or masonry surfaces
 - Terrazzo
 - Flagstone
 - High traffic areas

In addition to the above applications, MiraGard HD 100 is specially formulated to provide superior protection when used over Miracote MPC and Colorbond XL.

MiraGard HDWB

MiraGard HDWB Sealer is a superior, time tested, water based sealer that’s highly resistant to abrasion and tire marking, in addition to stains from chemicals including oil, grease, brake fluid, salt, calcium chloride, limited caustics, dilute acids, kerosene and alcohol. It provides superior protection when applied over Miracote’s MiraStamp and MultiPurpose protective coating products, and is easy to clean using conventional methods.

- Ready to use
- Water based dispersion
- VOC compliant
- Chemical resistant
- Abrasion resistant
- Resists blushing, whitening and blistering
- Adheres well to tile and cementitious substrates
- Comes in high gloss, satin or matte finishes
