BEAUTIFUL BRILLIANCE TO BEHOLD

Sunstone Black Onyx

Transform an ordinary pool into a work of art with **SunStone** quartz pool finishes. This remarkable formula will add a sparkle to any pool, and it is also as tough as any pool surface available.

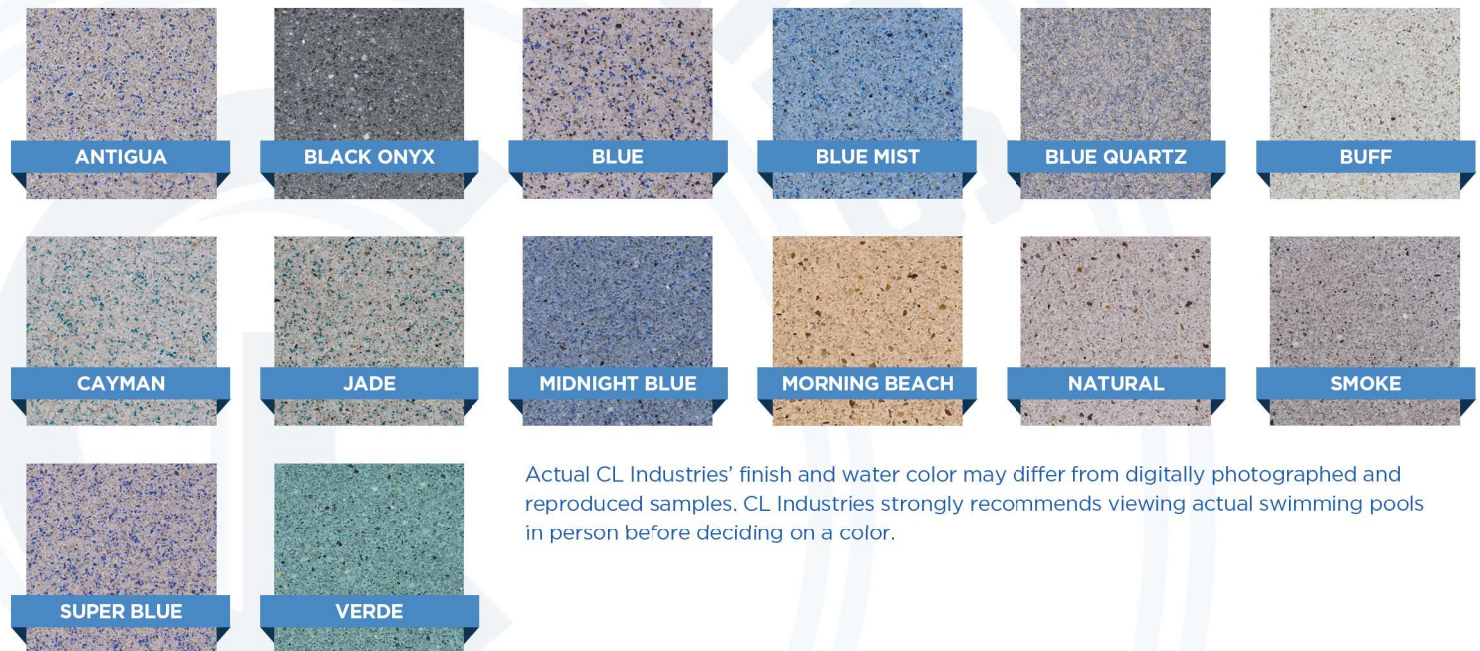

SunStone is made up of a combination of sound quartz aggregate and enhanced Portland cement, accented with colored quartz. The result? A magnificent pool finish that not only looks great but resists the effects of degradation. **SunStone's** wide array of colors and textures make it ideal for pools, spas and water designs in any environment.

Long lasting, easy to install, beautiful to behold - that's **SunStone**.

BENEFITS:

- Proven Durability
- Etch Resistant
- Stain Resistant
- Lower Maintenance
- Lightly Textured

SAMPLES:

Actual CL Industries' finish and water color may differ from digitally photographed and reproduced samples. CL Industries strongly recommends viewing actual swimming pools in person before deciding on a color.
