

FLOWSKIM SKIMMER BASKET HANDLE

FLOWSKIM Skimmer Basket Handle provides a path for water flow when your skimmer basket is full of debris. The FlowSkim basket can also be removed and emptied without touching wet leaves, bugs, and other debris inside the skimmer basket.

The FlowSkim Patent Pending design helps to protect equipment from running dry and makes emptying debris cleaner, faster, and easier.

FlowSkim[™]
BASKET HANDLE

FlowSkim™
