SYTEK™ OZONE (O₃) GENERATORS

As the leader in innovative intellectual property technology, Sytek Products presents... Sytek Ozone (O₃)! Sytek Ozone is generated by the exposure of oxygen (O₂) to a high electrical discharge. This causes 3 atoms to bind together instead of 2, making it a powerful oxidizer and sanitizer!

Part #: 338-1134 | Model #: SYO-134

Specifications:

- Input: AC 100-240V 50/60Hz @ 90mA
- Ozone Output: 50mg/hr (Ozone tube type)
- Housing Size: 3.5" x 2.6" x 1.5"
- Accessories: 8 feet silicone tube, check valve
- Others: adjustable capability setting, LED light indicator

Part #: 338-1228 | Model #: SYO-228

Specifications:

- Input: AC 110V 60Hz @ 60mA
- Ozone Output: 200mg/hr (Ozone tube type)
- Housing Size: 3.9" x 3.1" x 1.5"
- Accessories: 8 feet silicone tube, check valve
- Others: adjustable capability setting, LED light indicator
