

## FRITZ-PAK CORPORATION

# Safety Data Sheet Mortar Set Accelerator

---

### SECTION 1: Identification

#### 1.1 Product identifier

Product name	<b>Mortar Set Accelerator</b>
Product number	98454
Substance name	Calcium Formate

#### 1.2 Other means of identification

Solid (powder), white in color, no odor.

#### 1.3 Recommended use of the chemical and restrictions on use

For Industrial Use Only

Applications: Set Accelerator for Concrete and Other Cementitious Products

#### 1.4 Supplier's details

Name	Fritz-Pak Corporation
Address	4821 Eastover Circle Mesquite, TX 75149 USA
Telephone	214-221-9494
Fax	214-349-3182
email	davidojeda@fritzpak.com

#### 1.5 Emergency phone number(s)

214-221-9494

---

### SECTION 2: Hazard identification

#### 2.1 Classification of the substance or mixture

**GHS classification in accordance with OSHA (29 CFR 1910.1200)**

- CAN Combustible dusts, Cat. 1

#### 2.2 GHS label elements, including precautionary statements

Signal word	<b>Warning</b>
-------------	----------------

Hazard statement(s)

# Safety Data Sheet

## Mortar Set Accelerator

(CAN)

May form combustible dust concentrations in air

### 2.3 Other hazards which do not result in classification

Combustible dust hazard: fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Avoid contact with skin and eyes. Do not ingest. Do not breathe dust. Avoid generating dust. Use only with adequate ventilation.

---

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Substance name	Calcium Formate
----------------	-----------------

Other names / synonyms	Calcium Formate
------------------------	-----------------

#### Hazardous components

##### 1. Formic acid, calcium salt (2:1)

Concentration	90 - 100 %
---------------	------------

Other names / synonyms	Formic acid, calcium salt (2:1)
CAS no.	544-17-2

---

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

General advice	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday. Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
----------------	--

If inhaled	If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.
------------	---

In case of skin contact	Wash off with soap and plenty of water.
-------------------------	---

In case of eye contact	Flush eyes with water as a precaution.
------------------------	--

If swallowed	Never give anything by mouth to an unconscious person. Rinse mouth with water. Seek medical attention if necessary.
--------------	---

---

## SECTION 5: Fire-fighting measures

### 5.1 Suitable extinguishing media

Use extinguishing media appropriate for surrounding fire.

### 5.2 Specific hazards arising from the chemical

May form combustible dust concentrations in air. Avoid generating dust. Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

## **SECTION 6: Accidental release measures**

### **6.1 Personal precautions, protective equipment and emergency procedures**

Wear respiratory protection. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. For personal protection see section 8.

### **6.2 Environmental precautions**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

### **6.3 Methods and materials for containment and cleaning up**

Sweep up and shovel. Do not flush with water. Keep in suitable, closed containers for disposal.

---

## **SECTION 7: Handling and storage**

### **7.1 Precautions for safe handling**

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. Keep away from sources of ignition - No smoking. For precautions see section 2.2.

### **7.2 Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry and well-ventilated place.

#### **Specific end use(s)**

Apart from the uses mentioned in section 1.3 no other specific uses are stipulated

---

## **SECTION 8: Exposure controls/personal protection**

### **8.2 Appropriate engineering controls**

Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the product. Use with adequate ventilation to control airborne levels.

### **8.3 Individual protection measures, such as personal protective equipment (PPE)**

#### **Eye/face protection**

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

#### **Skin protection**

Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved before handling this product.

#### **Body protection**

Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

#### **Respiratory protection**

Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

#### **Thermal hazards**

No data available.

# Safety Data Sheet

## Mortar Set Accelerator

**Environmental exposure controls**  
No data available.

---

### SECTION 9: Physical and chemical properties

#### Information on basic physical and chemical properties

Appearance/form	Solid (powder)
Odor	None.
Odor threshold	No data available.
pH	6-7.5
Melting point/freezing point	>300 C
Initial boiling point and boiling range	n/a
Flash point	n/a
Evaporation rate	n/a
Flammability (solid, gas)	n/a
Upper/lower flammability limits	
Upper/lower explosive limits	n/a
Vapor pressure	2.2 x 10 <sup>-4</sup> Pa
Vapor density	n/a
Relative density	n/a
Solubility(ies)	172g/L
Partition coefficient: n-octanol/water	n/a
Auto-ignition temperature	n/a
Decomposition temperature	n/a
Viscosity	n/a
Explosive properties	None.
Oxidizing properties	None.

#### Other safety information

1000 - 1200 kg/m<sup>3</sup> bulk density

---

### SECTION 10: Stability and reactivity

#### 10.1 Reactivity

Stable under recommended storage conditions.

#### 10.2 Chemical stability

Stable under recommended storage conditions.

#### 10.3 Possibility of hazardous reactions

No data available.

#### 10.4 Conditions to avoid

Avoid generating dust.

#### 10.5 Incompatible materials

Strong oxidizing agents, strong acids, strong bases

#### 10.6 Hazardous decomposition products

Carbon monoxide, carbon dioxide, calcium oxide

---

### SECTION 11: Toxicological information

# Safety Data Sheet

## Mortar Set Accelerator

### Information on toxicological effects

#### Acute toxicity

LD50 Oral - Rat

Result: >3050mg/kg

Remarks: Based on similar products.

#### Skin corrosion/irritation

May cause slight skin irritation.

#### Serious eye damage/irritation

May cause slight eye irritation

#### Respiratory or skin sensitization

Dust may cause slight respiratory tract irritation.

#### Germ cell mutagenicity

No known significant effects or critical hazards.

#### Carcinogenicity

No known significant effects or critical hazards.

#### Reproductive toxicity

No known significant effects or critical hazards.

#### Summary of evaluation of the CMR properties

No known significant effects or critical hazards.

#### STOT-single exposure

No data available.

#### STOT-repeated exposure

No data available.

#### Aspiration hazard

No data available.

---

## SECTION 12: Ecological information

#### Toxicity

Regarded as not dangerous.

#### Persistence and degradability

Biodegradable - BOD28: 86%

#### Bioaccumulative potential

No bioaccumulation or biomagnify

#### Mobility in soil

Log Koc 1.49 (-)

#### Results of PBT and vPvB assessment

No data available.

## **SECTION 13: Disposal considerations**

### **Disposal of the product**

Consult your local or regional authorities.

### **Disposal of contaminated packaging**

Dispose of as unused product.

### **Waste treatment**

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

### **Sewage disposal**

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

### **Other disposal recommendations**

Disposal of this product, solutions and by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

---

## **SECTION 14: Transport information**

### **DOT (US)**

Not dangerous goods

### **IMDG**

Not dangerous goods

### **IATA**

Not dangerous goods

---

## **SECTION 15: Regulatory information**

### **15.1 Safety, health and environmental regulations specific for the product in question**

#### **TSCA 8(B) inventory:**

All ingredients are listed on TSCA inventory.

#### **Domestic Substance List (DSL) Canada:**

All ingredients are included on DSL.

---

## **SECTION 16: Other information**

Hazardous Material  
Information System, USA  
(HMIS):

Health : 1 (slight)  
Flammability : 1 (slight)  
Physical Hazards : 0 (minimal)

HMIS ratings are estimated from available data.  
product.

The customer is responsible for determining the PPE code for this

National Fire Protection  
Association, USA (NFPA):

Health : 1 (slight)  
Flammability : 1 (slight)  
Instability : 0 (minimal)  
Special : Not applicable

# **Safety Data Sheet**

## **Mortar Set Accelerator**

NFPA ratings are estimated from available data. Refer to NFPA 654, Standard for the Prevention of Fire and Dust Explosions from the Manufacturing, Processing and Handling of Combustible Particulate Solids for safe handling.
