

KOSHIN 2", 1/2 HP SUBMERSIBLE TRASH PUMP

PKS-65011

Features

- This unique pump easily handles leaves, sewage and solids up to 5/8" diameter.
- Cleanout is fast and easy by means of three butterfly bolts.
- It is compact, lightweight, easy to carry and handle.
- Double mechanical seals run in an "oil" filled chamber of liquid paraffin to prevent damage from periods of dry running.
- The built-in thermal protector turns off the power supply in case of overload, thereby protecting the motor.
- The power cord is unibody construction ensuring excellent water tightness.

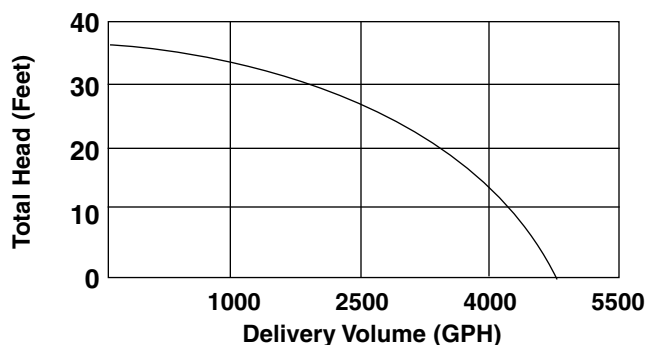

Applications

- Complete drainage/dewatering of flat surfaces
- Rooftops, parking structures, parking lots
- Basements, crawl spaces
- Industrial and plant maintenance
- Flooring

Specifications
