Vogue Special™ Cove

Gladon Vogue Special Cove is a 3 inch by 4 inch preformed cove designed specifically to fit Vogue Impact pools. Vogue Impact pools have a unique resin bottom rail that requires a special cutout in the cove. The special cut allows for a fast and easy custom cove installation. Vogue Special Cove is made with chemically neutral, flexible Polyethylene foam, and is safe for use with all liners. The special backing strip allows the cove sections to be locked into the bottom rail where it can move with the pool wall. Because Vogue Special Cove is made from high density foam (2.3 lbs/ft³), it will not change shape or wash out. Available in colorful floor display cartons.

FEATURES:

- Fits Vogue Impact Pools
- Installs In Minutes
- Saves Hours of Installation Time
- Can Not Wash Out
- High Density Foam
- Locking Strip
- Locks In Bottom Rail
