

AQUA SHEER

Add classic water design with standard or custom flair

Installing single units in the standard industry applications can enhance a watershape's aesthetic, and with custom sizes and shapes, multiple fixtures combined with the same design to inspire the outdoor environment.

Nozzle Options

Flow Rate Total gpm = 1 gpm/1"

- Standard and custom units handmade in the USA for the highest-quality performance.
- 1 gpm/inch flow, sheet pattern, back and bottom feed, 2" pvc slip inlets, variety of nozzle lengths, standard curve cuts, selection of standard colors, and each of the attributes are customizable. Modified nozzle designs are available through our fabrication shop.
- Custom curve cuts and custom curved units, including compound curve units are available through our fabrication shop.
- We welcome the challenge of all watershapes, so please feel free to contact us with the designs you want to bring to life.
