The Classic 3 Bend Handrail with welded brace has several options to help customize your handrail to your liking. This handrail is constructed of a 1.90" stainless steel tube with optional wall thicknesses of .049" or .065", while having the color options of white, polished or one of the premium powder coat colors that include copper or silver vein.

Note: The .049" wall thickness is ONLY offered in polished. The .065" wall option is also offered marine grade. When ordering add "-M" to the end of the part number on the .065" handrail. Anchor socket is 4" and constructed out of aluminum (GPP-OTE-AHC8). *anchors are not included.*
