The Modern 2 Bend Stair Rail has several options to help customize your handrail to your liking. This handrail is constructed of a 1.90" stainless steel tube with wall thicknesses of .065, while having the color options of white, tan, polished or one of the premium powder coat colors that include copper or silver vein.

Note: If an extension is needed to either end or both ends for additional height the following should be used: U for upper extension, L for lower extension, UL for an extension to both ends. Anchor socket is 4" and constructed out of aluminum (GPP-OTE-4AHC). When ordering "Marine Grade" you will need to add the extension "-M" to the end of your part number. Anchors are not included.
