AND WATER CLARITY

EXPERT LINE®

ONLY FROM POOL PROS

2 YEAR PARTS WARRANTY*

*When sold by a Totally Hayward® Partner. Exclusions, other terms and conditions may apply — visit hayward.com/expert for details.

WHY YOU SHOULD GO WITH THE PRO.

For a sparkling clear pool, ProSeries sand filters are better by design. Available in five different sizes, ProSeries filters are suitable for a variety of pools, and with corrosion-proof construction, they'll keep your water beautiful, season after season.

SEVEN-POSITION VALVE PUTS YOU IN CONTROL.

The ProSeries filter's patented multiport control valve—developed by Hayward®—is designed with seven different positions. An easy-to-use lever-action handle lets you quickly dial any function.

SUPERIOR FILTRATION FROM THE INSIDE OUT.

The self-cleaning underdrain assembly with 360° slotted laterals provides a fast, balanced flow of clear water back to the pool while allowing for more thorough backwashing.

LONG-LASTING CONVENIENCE.

You can easily access the ProSeries filter assembly for simple servicing via the unique folding ball joint in the laterals. A corrosion-proof housing protects the filter from severe weather, ensuring reliable operation for years to come.

S144T 14" PROSERIES™ FILTER/SYSTEM

Economical solution for smaller above-ground pools.

- » Seven-position multiport control valve
- » Filtration system includes PowerFlo LX™ Series high-performance pump and one-piece base
- » Available as a system or a filter only

S166T 16" PROSERIES FILTER/SYSTEM

Larger unit designed to fit most above-ground pools.

- » Seven-position multiport control valve
- » Filtration system includes PowerFlo Matrix® or LX Series high-performance pump and one-piece base
- » Available as a system or a filter only

S180T 18" PROSERIES FILTER/SYSTEM

High-powered, high-capacity filtration for larger above-ground pools.

- » Seven-position multiport control valve
- » Filtration system includes PowerFlo Matrix or LX Series high-performance pump and one-piece, deluxe base
- » Available as a system or a filter only

S210T 21" PROSERIES FILTER/SYSTEM

Bigger solution for greater filtration in above-ground pools and small in-ground pools.

- » Seven-position multiport control valve
- » Filtration system includes PowerFlo Matrix or LX Series high-performance pump and one-piece, deluxe base
- » Available as a system or a filter only

S230T 23" PROSERIES SYSTEM

Ultimate system for large above-ground pools and small in-ground pools.

- » Seven-position multiport control valve
- » Filtration system includes PowerFlo Matrix or LX Series high-performance pump and one-piece, deluxe base
- » Available as a system only
