PATENTED V-FLEX® TECHNOLOGY FOR A CLOG-FREE CLEAN

HAYWARD

EXPERT LINE
NOT SOLD ONLINE

EFFICIENTLY ELIMINATES CLOGS

Navigator® V-Flex® features patented V-Flex technology for a total clean with virtually zero clogs. Its wide vacuum inlet and unique wing design create constant suction power, even at lower flow—making it ideal for use with energy-saving variable-speed pumps.

CREATES A CORNER-TO-CORNER CLEAN

Equipped with patented SmartDrive® technology, Navigator V-Flex systematically travels the floor, walls* and coves of your pool, creating thorough, reliable results. Its adaptive steering system eliminates hose tangling and enhances maneuverability, keeping the cleaner moving until the job is done.

SIMPLIFIES SERVICE AND MAINTENANCE

With no debris bags and fewer moving parts, Navigator V-Flex is easy to maintain. It connects to a skimmer or suction port for complete installation in minutes, and its advanced design cleans quietly for a more peaceful backyard.

SPECIFICATIONS

Pool Coverage*	Floor, walls, coves
Hose Length	40'
Pool Size	Up to 20' x 40'
Pool Surface**	Gunite, vinyl, fiberglass, pebble, tile
Turbine Type	Patented V-Flex variable vane technology
