

Sand Filter Systems

FS Series

Above-ground Pools

Simple Water Filtration for Above-ground Pools

Take the hassle out of water filtration with a dependable Sand Filter System from Intermatic. Our FS Series sand filter and pump systems keep pools clean all season and require minimal maintenance. Each system includes a two-speed PurFlo pump, a seven-position operating valve, and robust slotted laterals for easy installation and unparalleled efficiency.

FS-152SP6319SFK

1 1/2 HP, 2-Speed Pump, 6 ft Cord Std Plug,
19" Sand Filter Kit, 180 lbs Sand

Multiple Sizing Options

Intermatic sand filter systems are available in multiple horsepower options and tank sizes to accommodate a wide variety of above-ground pool needs. Our largest capacity solution can turn over more than 37,000 gallons of water in 10 hours.

Choose the Right **Sand Filter System** to Fit Your Project

Features

FS-152SP6319SFK (As shown)

- 1 7-Position operating valve for effortless operation
- 2 Easy install laterals provide full flow and easy maintenance
- 3 Flange clamp design allows for 360-degree rotation and simplifies plumbing needs
- 4 Extra-deep sand bed accommodates long filter runs
- 5 Easy-to-read pressure gauge allows for quick performance assessment
- 6 Includes air relief and pressure gauge
- 7 Built with a corrosion-proof reinforced thermoplastic tank to promote long service life
- 8 Includes 6 ft. cord with standard plug as well as a drain valve for easy maintenance
- 9 Powered by Totally Enclosed Fan-Cooled (TEFC) pool pump technology
- 10 Offers quiet design and DOE-compliant PurFlo self-priming pump feature
