# Easy Twist™ Can Opener

## Durable stainless steel can opener

The Easy Twist™ is ergonomically designed to easily open the can in a simple twist without damaging the cap. For use on all Weld-On solvent cement and primer cans except wide mouth gallon can. When closing the can, Easy Twist helps tighten and seal the cap with an extra torque – this prevents solvent cements or primers from drying out and saves you money.

Made from durable stainless steel. Serrated inner edge provides a solid “grip” for easy opening and closing.

Flat-edge handle is used to open paint-style solvent cement cans.

Prevents the need to use other tools which can damage the can while opening and closing.

## PRODUCT INFORMATION

PRODUCT	DESCRIPTION	CASE/QTY
14550	Easy Twist	8

Easy Twist is now conveniently packaged to offer two shelving options: counter display or hang tag.
