

SHEER Water Features

With Zodiac water features, you can transform your ordinary backyard into an extraordinary poolscape. Create the outdoor ambiance of your dreams with an enchanting oasis, a kid friendly waterpark, or an exotic poolside backdrop. Choose from any of our Sheer Descent® features, Sheer Arc™ features and multiple Deck Jet features.

GETTING TECHNICAL

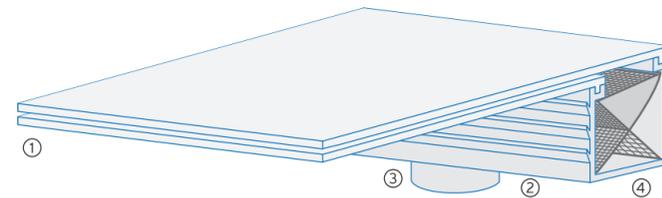

Our waterfalls are a step ahead of our competitor's. The design of our waterfalls caters to both the pool owner and the builder. Unlike other waterfalls on the market, ours include the unique X-baffle™, made of a solid body to ensure a sturdy and long-

lasting installation. The waterfall fitting is made from the same PVC to speed installation. Unlike our competitor's, all waterfalls are made with a clear lip so you don't have to worry about matching the pool facade.

OUR SHEER WATER FEATURES

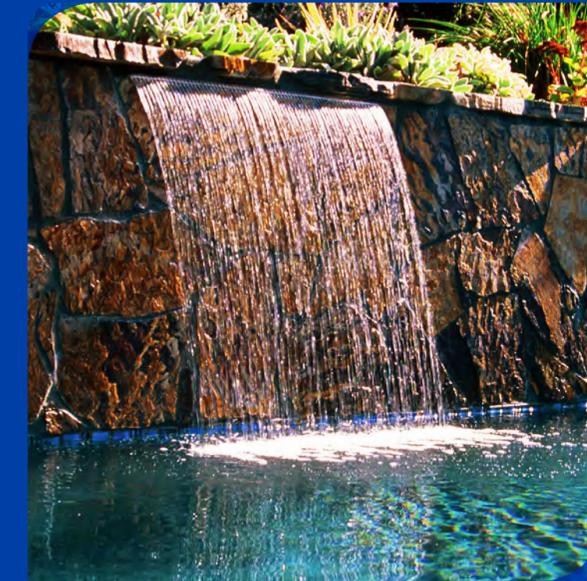

- ① Clear lip and body for simplified color matching
- ② Extra large trough and mortar grooves for solid installation
- ③ PVC grade pipe entry fitting
- ④ Solid attached X-Baffle water diffuser with tapered entry point

THE COMPETITOR

- ① Solid white body (will be visible when finished)
- ② Small trough means less water as well as less mortar grooves
- ③ Non PVC compatible (must add attachment)
- ④ Flimsy unsecured water diffuser that can be affected by heated pool water

add tranquility to your poolscape with the sight and sound of falling water

Where Pools Meet Technology

iAquaLink™ allows you to control your pool anytime, anywhere. Using our free app for your smart phone or web-connected device, you can control all the elements of your pool or pool/spa system, even when you're on the go. Including, waterfalls, spillovers, and Laminar jets.

Keep Your Pool Efficient

When you decide to cover your swimming pool, keep in mind that Cover-Pools® automatic pool covers work hand-in-hand with all Sheer Water Features. When the cover is closed, the features will automatically turn off.

SHEERDESCENT[®] SERIES

The Sheer Descent waterfalls produce a clear arc of water that can be adjusted from a silent, glass-like sheet of water to a rushing mountain waterfall. Each feature is available in lengths from twelve inches to eight feet with the option of curved and extended lip models.

Light Up the Night
At night, even when your pool isn't in use, it can still be the focal point of your backyard. With the **Sheer Descent Cascade Fiberfall[®]** you have the ability to aesthetically brighten your dark backyard.

SHEERARC[™] SERIES

Arc waterfalls project up at 45 degrees and then naturally arc and descend to the pool surface. Sheer Arc waterfalls can be positioned just above the waterline, making it perfect for vinyl liner pools. This feature is available in Sheer Arc Rain or Sheer Arc Cascade.

SHEERARC CASCADE

THE JET SERIES

Deck Jets add excitement and fun to your pool and spa experience. They create a beautiful shimmering arc of water that cascades gently from your pool deck into your pool or spa. The Deck Jets can be installed in almost any combination and adjusted 360 degrees, allowing for infinite combinations of dazzling effects.
