**X SERIES™**  
AOP

# Get the most advanced clean using less chlorine with an AOP system in a flexible off-line design

Your water will never be cleaner than when you add AOP to your pool. Combining the powerful technologies of UV-C and Ozone, Jandy® X-Series™ AOP Off-line Systems, Powered by DEL® technology, offer superior oxidation with off-line installation.

## A Better Experience for Everyone

Say goodbye to red eyes, damaged hair, itchy skin and smelly pools — AOP delivers water that's not just cleaner it's more comfortable

### ADDITIONAL FEATURES

- Retrofit Solution**  
X-Series AOP Off-line can be easily added to existing pools up to 15,000 gallons

No Excess Gas: For indoor pools and pools with covers: add dedicated off-line MDV unit to efficiently remove excess gas generated during AOP system operation.

## Water Doesn't Get Cleaner Than This

Combines the most effective water quality technologies to create the most advanced cleaning agent for your pool

## Creates Crystal Clear Water

AOP oxidizes contaminants in the water so they can be filtered out better

- Ahead of the Game**  
The first to put AOP to use in pools, Jandy AOP systems with DEL Technology are generations ahead of the competition in every way
