J&J Electronic's Color Splash XG Series is a multi-color, LED pool and spa lighting fixture that brings lighting integration to the pool industry.

The XG Series light fixtures enable consumers to realize the full benefit of ColorSplash LED lighting by utilizing their existing automation systems. J&J Electronic's XG Series operates effectively with J&J Electronic's new ColorSplash® XG Controller* as well as popular automation systems such as Pentair® and Jandy®, or your standard pool light wall switch. The XG Series light fixtures also synchronize with J&J Electronic's LXG Series replacement lamps.

With five solid colors and seven lights shows, instantly transform any in-ground pool into a custom illuminated paradise. These LED Pool Light Fixtures offer the ideal ambiance for playing, relaxing, or entertaining, while providing immediate energy cost savings.
