Why FROG[®] Test Strips?

Ideal FROG[®] Range

Their OK Range
is TOO High!

- It's the only way to ensure Fresh Mineral Water
- It's the only strip with the ideal chlorine range for FROG Leap pools
- Most test strips show this level as too low, causing confusion
- FROG Test Strips help dial in the right setting for your pool
- The result: Your Torpedo Pac will last up to 50% longer!
- Using standard test strips can lead to over chlorination and wasting money
