

Why FROG® Test Strips?

- It's the only way to ensure Fresh Mineral Water
- It's the only strip with the ideal 0.5 to 1.0 ppm chlorine range for FROG pools
- Most test strips show this level as too low, causing confusion
- Using standard test strips can lead to over chlorination and wasting money

Ideal FROG® Range

Their OK Range
is TOO High!

FROG® Test Strips show the ideal chlorine range for Fresh Mineral Water pools

The Instant Way to

Fresh Mineral Water Easy™

INSTANT FROG®

King Technology, Inc.

EPA Est. No. 071209-AZ-001
EPA Reg. No.: 55735-11

Instant FROG®

for existing in ground pools up to 25,000 gallons

Fresh Mineral Water is...

Cleaner

The enemy is bacteria—FROG® destroys bacteria 2 ways with minerals and low levels of chlorine for an ultra clean pool

Clearer

Helps maintain pH balance and uses up to 50%* less chlorine for better water clarity

Softer

Minerals condition the water for softness so it's easier on you and on your pool with no faded swimsuits or smelly odors

It's Easier too!

- Conveniently sits in skimmer basket
- No installation
- Simply set the easy reminder dial
- Replace with a fresh one every six months

* Compared to the minimum EPA recommended chlorine level of 1.0 ppm for a stabilized swimming pool.
