

## Four NEW Products Available NOW!

### Dealer Requested Line Expansion

Four NEW Products added to the Life® Spa & Hot Tub line for Spa Season. For years, the Life® chemical line has showcased the strength, breadth, and consistency Dealers appreciate. With over 20 products to choose from, Life® has become a sought-after National Brand at the top of the industry. Now the line has expanded to twenty-five, with the addition of these new products.

**SpaSOFT** - The newest borate-based water conditioning product in the spa market. Life® SpaSOFT enhances water clarity, improves bather comfort, creates sparkling water, and helps regulate water balance. This pH neutral formula requires a small initial dose with each initial fill.

|               |                     |              |              |
|---------------|---------------------|--------------|--------------|
| Life® SpaSOFT | Item #: LCH-50-5005 | Size: 2 lbs. | Case/Qty: 12 |
|---------------|---------------------|--------------|--------------|

**Phosphate Remover** - Used to control phosphates in spa water, Life® Phosphate Remover will increase sanitizer effectiveness and lower spa water maintenance costs. Using only 1 oz. per 500 gallons on a regular basis to keep phosphates low, this pint is a great value.

|                         |                     |             |              |
|-------------------------|---------------------|-------------|--------------|
| Life® Phosphate Remover | Item #: LCH-50-5015 | Size: 1 pt. | Case/Qty: 12 |
|-------------------------|---------------------|-------------|--------------|

**pH Up and pH Down (Liquid)** - Liquids are back! Preferred by hot tub owners and dealers alike, pH Up and pH Down join their granular counterparts as part of the Life® Spa & Hot Tub lineup. Easy to dose, concentrated, and convenient, liquids have been requested for years and now they are available through Life®.

|                      |                     |             |              |
|----------------------|---------------------|-------------|--------------|
| Life® pH Down Liquid | Item #: LCH-50-4025 | Size: 1 pt. | Case/Qty: 12 |
| Life® pH Up Liquid   | Item #: LCH-50-4035 | Size: 1 pt. | Case/Qty: 12 |

Each new Life® product has been formulated and manufactured to the same high standards as with all Life® products. These products are compatible with every spa sanitizer program and surface. Spa water treated with Life® Spa & Hot Tub chemicals will provide easy maintenance, longer equipment life, and a more enjoyable hot tub experience.
