

DISAPPEARING WATER FEATURES - BASINS & VAULTS

Little Giant® heavy-duty disappearing water feature basins are perfect for in-ground installations. Our basins are ideal for smaller applications when you want the soothing sounds of water but are limited on space. Basins sit flush with the ground, and the sectioned access plates make maintenance a breeze. Cover your basin with a wide variety of rocks or pottery (not included) for a disappearing water effect. Add your favorite container such as a ceramic or stone vase, and a pump (we recommend the PES series for this application) to build a stunning disappearing water feature. A great weekend project!
