Outdoor Living Water Features & Pond Products

Treatments

Our unique partnership with Ecological Laboratories enables us to offer the finest in natural microbial products to regulate your customers' pond water clarity and quality. By offering a wide range of MICROBE-LIFT® clarifiers, stabilizers, system treatments and seasonal water treatments, we can help establish, restore and maintain the natural biological and system balance of any pond, year round.

Beneficial Bacteria

Utilizing nature to aid in maintenance is the best solution around. These specialty products cultivate a biological balance for fish, plants, and the entire system. If nitrates or sludge are causing problems or the leaves just won't decompose we have a variety of solutions for all needs.

WT-SA-Q

BENEFICIAL BACTERIA	ltem Number	Description	Size	Treatment
WT-ML-PL-Q	566006	PL liquid water clarifier	32 oz	Monthly overall treatment
WT-ML-PL-P	566007	PL liquid water clarifier	16 oz	Monthly overall treatment
WT-ML-PL-G	566012	PL liquid water clarifier	1 gal	Monthly overall treatment
WT-NO-P	566036	NiteOut II	16 oz	Initiates nitrification
WT-BMC-2	566037	Biological mosquito control	2 oz	Controls mosquitos
WT-SSC-1	566038	Spring/summer cleaner	(10) 2 oz packets	Reduces dead leaves and organic load
WT-AWP-Q	566039	Autumn/winter prep	32 oz and (2) 2 oz packets	Prepare for colder months
WT-SA-Q	566040	Sludge away	32 oz packets	Rapid and natural sludge and mulch removal

Special Treatments

Maintain the proper water chemistry with these easy to use treatments. Specially formulated, they are designed to enhance the pond water and aquatic life.
