- And Much More !

EXTEND-ALL™ FITTING

EAL-2.0 \$3.40, EAL-1.5 \$3.16, EAL-1.0 \$2.66, EAL-.75 \$2.35

LASS ENTERPRISES, INC. the originator of the pipe extender, has developed a new repair fitting. The new fitting, called the **EXTEND-ALL™ FITTING**, is used when replacing any standard "glued in" fitting, check valve, ball valve, etc. The old item is cut out by cutting tight to the item and it is discarded. An **EXTEND-ALL™** fitting is glued into each end of the replacement item making it just long enough to be glued into the existing plumbing.

- Requires ½ the space of a coupling
- No Measuring - All New Pipe Sections
- Always Fits Perfectly
- No Stress on Pipe
- Set Procedure saves time
- No new pipe needed
- Compatible with all pipe schedules
- Results in neat, professional appearance
