

PIPE SHIELDS

for Schedule 40, 1" & 1 1/2" pipe

PSH-1.0 \$1.16, PSH-1.0M \$1.53
 PSH-1.5 \$1.74, PSH-1.5M \$2.11

- ◆ Protect the inside of 1" and 1 1/2" schedule 40 pipe while guniting, painting, plastering, etc.
- ◆ Prevents partially clogged plumbing lines.
- ◆ Two part construction for easy removal.
- ◆ Reusable
- ◆ The M version can be detected even if buried under up to 1/2 inch of concrete or plaster.

TFP-1.5 \$8.35, TFP-2.0 \$8.35

- ◆ Stops the flow of water while repairing a flooded plumbing system.
- ◆ Designed to temporarily seal off schedule 40 PVC
- ◆ Easily removed after plumbing repair is complete
- ◆ Tested to hold with four foot of static water head.

SIMPLE TO USE:

- 1) Insert the round side of the plug into the flooding schedule 40 pipe.
- 2) Slip new fittings and pipe sections over the two foot long tail.
- 3) Glue the new pieces in place.

NOTE: Avoid getting glue on the tail as much as possible.
 4) When the repair is complete, pull on the tail to remove the plug. The FLOOD PLUG will easily pass through 90s, 45s, tees, male adapters, and pipe on its way out.

SKIMMER SERVICING TOOLS

SST-1 \$16.50, SST-2 \$31.97

Enables servicing skimmer baskets without getting down on your knees.

- ◆ Saves your knees, back, and hands.
- ◆ Lifts both deck plate and skimmer basket.
- ◆ Makes your arm 24 inches longer.
- ◆ The SST-2 also seals off a "second" skimmer while you vacuum the pool using the "first" skimmer.
- ◆ The SST-2 fits both 1 1/2" and 2" plumbing.

1 1/2" THREAD SHIELDS

Original THS-1 \$1.87 Magnetic THS-2 \$2.26

- ◆ Both protect threads of 1 1/2" return fittings during plastering, guniting, etc.
- ◆ Both eliminate need to "clean out" threads at start up.
- ◆ Both insert easily.
- ◆ Both have two part construction making removal easy.
- ◆ NO MORE "Lost Fittings". Blue and yellow colors make the locating of plumbing easy during and after the plastering operation.
- ◆ Both reduce "water drip" from plumbing.
- ◆ THS-2 can be located by our THREAD SHIELD DETECTOR even when buried 1/2" under the pool surface.
