

Utility Molded-in-Place Ball Valves

Magic Plastics' line of Utility Molded-In-Place (MIP) Ball Valves are the latest in our line of ever-growing products. Specifically designed for Residential, Commercial and Industrial applications, the Magic MIP Ball Valves are equipped with EPDM Seats and O-Rings, providing smooth operation and excellent chemical resistance. All Valves comply with ASTM 2467 standards and have a working pressure of 150 PSI at 73°F. Magic MIP Ball Valves are available in ½" through 3" in Slip x Slip configurations. 4" 6" and 8" are available upon request. Contact the factory for details.
