Affordable.... & Easy To Use!!!

All Midcal products are environmentally friendly & safe to use

Virtually Eliminate Hydration Call Back Issues

HYDRAMIX works with the mix water to ensure all of the cement particles are hydrated & will bond stronger to the aggregate or pebble for a higher quality paste/aggregate zone. The end result is a more beautiful, stronger & more durable swimming pool finish for your customer.

HYDRAMIX

is Easy to Use

Simply add HYDRAMIX to the mix water before mixing pool finish. Be sure to follow HYDRAMIX product to water ratio.

It's Really That Simple!

**HydraMix Doesn't Make The Mix Water
HydraMix Makes the Mix Water Better!**
