

MIRIMICHI GREEN™

Activate Nature.

RELEASE 9-0-1 C

+ 10% MICRONIZED LIQUID CARBON

AVAILABLE IN: 32 OZ, 2.5 GAL, 30 GAL, AND 250 GAL

Release 9-0-1 C is a biostimulant unique among broad-spectrum fertilizers. Release 9-0-1 C combines organic compounds and 10% micronized liquid carbon. This proprietary nutrient package with liquid carbon increases the health of your soil, delivering long-term residual benefits not available in any other fertilizer. Mirimichi Green uses patent-pending nanotechnology, so the organics, carbon, nutrients, and trace elements are less than 400 Dalton size, enabling immediate uptake through roots, leaves, and soil. Release 9-0-1 C improves the performance of fertilizers, biostimulants, insecticides, fungicides, and herbicides. It also helps improve water retention and water quality. Our micronized carbon is a game changer; studies show that 9% Nitrogen, with our carbon and organic extracts, is equal to 18% nitrogen. It also mines out existing Phosphate and Potassium 50x more effective than Humic 6%

PART NUMBERS:

32 OZ - 3012320ZC

2.5 GAL - 30122.56C

30 GAL - 3012306C

250 GAL - 30122506C

USE WITH ANY FERTILIZATION PROGRAM

MORE THAN 30% ORGANIC COMPOUNDS

DELIVERS COST SAVINGS

APPLICATION RATES

Foliar Application: Apply 2-4 oz with a minimum of 1/4 gallon of water per 1000 sq. ft.

Ride-on Sprayer Application: Apply 1 gallon with 10 gallons of water per acre.

Soil Drench Application: Apply 2-8 oz with a minimum of 1 gallon of water per 1000 sq. ft.

Hydroseeding Application: Apply 2.5-5 gallons with a minimum of 50 gallons of water per acre.

KEY PRODUCT BENEFITS

- A natural microbial food source, bio-surfactant, and nutrient solubilizer
- Solubilizes present minerals and chelates them into plant available form
- Reduces water, fertilizer and chemical input requirements
- Aerates soil and reduces compaction
- Promotes rapid production of protozoa, fungi, and hyphae for superior soil health
- Optimizes pH and increases nutrient uptake (CEC)
- Safe to apply with herbicides, insecticides, fungicides, and other fertilizers
