

Filter Flosser! The Ultimate Cartridge Filter Cleaning Tool

Dread cleaning your pool and spa filters NO MORE! Filter Flosser was designed by a pool & spa owner for pool & spa owners!

With Filter Flosser, you'll spend less time, energy and water resources on regular filter maintenance which means, you make more money!

Simply attach a standard garden hose to get that cartridge filter really deep down clean! Fast!

Sturdy, corrosion resistant ALUMINUM nozzle comes with a rubberized handle & on/off valve

The patented curved ALUMINUM nozzle design provides an extended cleaning area, double of other cleaners, helping you to clean 50% faster & using 50% less water

Benefits:

- Does not damage cartridge filters
- The water & air agitation reaches between pleats for more thorough cleaning
- Performance testing shows that Filter Flosser has a greater GPM (gallons per minute) than all other units tested.
- This durable product gives the most longevity when compared to lesser quality plastic units.
- Use with ANY SIZE filter cartridge!

CREATE A KIT! WITH OUR COMPANION NOZZLE "POWER PIC REACH"

With this companion nozzle for Filter Flosser, you can clean INSIDE OUT of your cartridge filters.

Simply change the nozzle and you're ready to go for 2-stage filters & DE filters

Specially designed, Power Pic gives you the reach you've been looking and the convenience of the most versatile kit on the market today.
