

### Excellent for New Decks or Renovation

Systex® polymer concrete deck system leads the industry in quality and ease of use. Systex concrete topping is a three step system that provides a beautiful complement to new or existing pool decks, patios and other concrete decks. Homeowners and businesses can choose from an array of attractive colors, and get polymer durability that stands up to wear and weather for years. The Systex surface is more resistant to oil and grease stains than plain concrete. It is durable and like all Mortex products, has the ability to withstand high heat and freeze/thaw conditions. The Systex system is also perfect for renovating, giving a great look to drab or worn concrete.

- Surface cleans up easily and is more resistant to oil and grease stains than plain concrete.
- Has the durability to withstand high heat and freeze/thaw conditions.
- Texture gives a great look to otherwise ordinary concrete.
- Systex texture can be used with stencil and other decorative applications.

## Systex® Polymer Topping for Renovation

Systex topping is also a perfect answer to the growing demand for concrete and pool deck renovation. With its ease of use, array of attractive colors and durability, Systex provides a quick, easy and permanent fix for old, worn or deteriorated concrete.

For over 40 years, Mortex™ has been the contractor's choice for innovative and superior quality products. In 1962, Mortex revolutionized the swimming pool industry with the introduction of our Keystone Kool Deck product, that literally changed the face of swimming pool decks forever. Since then, Mortex has continued to set the industry standards for product innovation, quality and customer service.
