

Moov AI

**The new generation
of pumps.**

Ultra Quiet

**90% more
energy-efficient**

Best of Both World

Thanks to the Pro mode, our pump can intelligently adjust its flow, adapting in real-time to the pipeline pressure.

The result ?

You enjoy continuous perfect filtration while saving on your electricity bill.

Built-in Wi-Fi module

Control your device remotely with the Moov App.

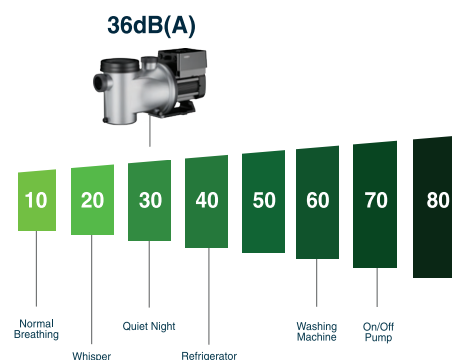

Take control of your power consumption!

With the simplified interface of the Moov AI pump, you can easily schedule the timer yourself. This allows you to vary the power of your pump throughout the day.

Unparalleled silence

Quieter than a refrigerator, it provides you with the peace and serenity you deserve. Enjoy your pool in complete tranquility.
