

THE HEAVYWEIGHT KNOCKOUT ALL-IN-ONE HERBICIDE.

Allstar™ is a unique four-way broad-spectrum selective herbicide, an altogether powerful combination. Allstar is a fast-acting herbicide for use on selected cool-season and warm-season turfgrasses developed to single-handedly control grassy weeds, nutsedge and tough broadleaf weeds like spurge, clover, dollarweed, ground ivy, oxalis, wild violet and Virginia buttonweed.

COMPETITIVE ADVANTAGES

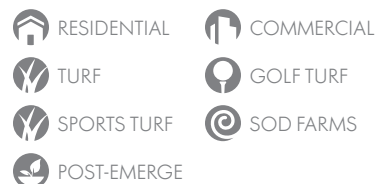

SUPERIOR SPECTRUM & CONTROL

- Full load of 2,4-D results in more consistent control of tap-rooted perennial weeds
- Quinclorac targets crabgrass and increases overall control of broadleaf weeds
- Triclopyr powers lasting control on tough summer annual and perennial weeds
- Confidence of nutsedge control with sulfentrazone
- Fast-acting broadleaf weed control with visible results within hours of the application

AT-A-GLANCE INFO

EPA REG. NO.	228-757
ACTIVE INGR.	2,4-D (1.00 lb/gal) Quinclorac (0.75 lb/gal) Triclopyr (0.10 lb/gal) Sulfentrazone (0.06 lb/gal)
FORMULATION	Liquid
CHEM. FAMILY	Phenoxy Quinoline Pyridine N-Phenyl-triazolinones
HRAC NO.	4 and 14
SIGNAL WORD	Warning
PACKAGE SIZE	64 fl oz (4 per case) 2.5 gal (2 per case) 30 gal drum

Allstar Team of Actives

THE HEAVYWEIGHT KNOCKOUT ALL-IN-ONE HERBICIDE

KEY USES

Lawns
Parks and athletics fields
Golf courses*
Sod farms (excluding Arizona)

*Not for use on bentgrass greens, tees and aprons

KEY WEEDS CONTROLLED

See product label for complete list.

Barnyardgrass	Mallow
Bindweed	Mouseear
Bitter wintercress	chickweed
Bitterweed	Oxalis
Black medic	Pennywort
Broadleaf plantain	Pepperweed
Buckhorn	Pigweed
Catsear	Plantain
Chickweed	Purslane
Crabgrass, large	Ragweed
Crabgrass, smooth	Red clover
Crimson clover	Red sorrel
Cudweed	Sheep sorrel
Dandelion	Signalgrass,
Dock	broadleaf
Dollar weed	Speedwell
Florida pusley	Spotted spurge
Goldenrod	Spurge
Ground ivy	Strawberry
Henbit	clover
Jimsonweed	Virginia
Knawel	buttonweed
Knotweed	White clover
Kochia	Wild violet
Lambsquarter	Yellow nutsedge
Lespedeza	

USE SUMMARY

COOL SEASON TURF

Kentucky bluegrass, annual bluegrass, rough bluegrass, annual ryegrass, perennial ryegrass, tall fescue, and fine fescues

Use rate: 7 - 8 pts/A

Use reduced rates if grass is stressed from heat or drought. Only apply to fine fescue when it is part of a blend.

WARM SEASON TURF

Hybrid Bermudagrass, common Bermudagrass and zoysiagrass

Use rate: 5 - 7 pts/A

Yellowing may occur on Bermudagrass, this can be reduced by the addition of chelated iron or sprayable soluble nitrogen.

BENTGRASS

Creeping bentgrass

Use rate: 3 - 5 pts/A

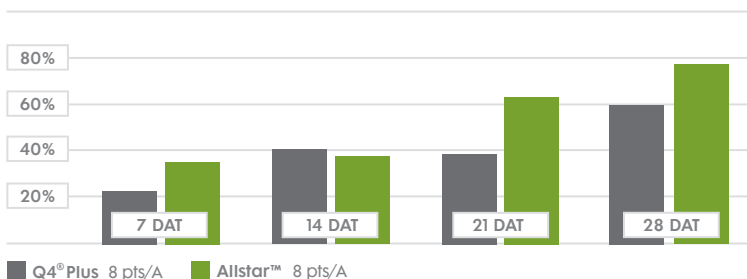

Applications to established creeping bentgrass must be applied in 2 to 3 split applications at 3 - 5 pts/A

Wild Violet Control Trial

Broad spectrum control without compromising on tough-to-control weeds. Allstar Herbicide provides outstanding weed control including wild violet.

After 28 days, a single application of Allstar delivered 78% control, significantly better than Q4 Plus at 60%.
