

FULLFLOXF™ High Efficiency Filters

Optimum Filtration for high-capacity and feature-rich pools.

Every product in the FullFloXF family of high efficiency pool filters offers optimum filtration efficiency, easy maintenance and longer runs between cleanings. Better hydraulics is achieved with the 2.5 inch internal plumbing, superior construction materials and durability add up to years of sparkling-clear pool enjoyment at a lower operating cost.

KEY FEATURES

- **Crystal-Clear Water**

Superior filtration removes even the tiniest particles for a sparkling-clean pool experience.

- **Energy & Cost Savings**

Enhanced design and balanced flow enable 25% greater energy efficiency and lower operating cost.

- **Low Maintenance & High-Capacity**

Ideal for large and premium pools, longer filtration cycles extend periods between cleanings.

- **Excellent Longevity**

Chemical-resistant, fiberglass tanks are designed for exceptional strength and durability.

**C620, F72 &
Q120 MODELS**

**FV60 & FV72
MODELS**

*Statements of filter performance are based on estimates. Actual performance may vary and is not guaranteed. Estimates for filter efficiency are based on the power required to pump 150 GPM of water through a Clean & Clear® Plus 520 filter using a IntelliFlo VSF pump versus a FullFloXF C620 filter using a IntelliFlo VSF Pump.

pentair.com/fullflofilter

Larger pool? All the bells and whistles? Filter up with FullFloXF.™

These high-gallon go-getters offer better hydraulics, superior construction materials and higher durability for clean, pristine pool enjoyment.

- Superior Filtration**
 D.E. and cartridge filters capture microscopic dirt, algae and even some bacteria.
- Greater Energy Efficiency**
 More energy efficient when paired with 2.5" or 3" plumbing for lower operating cost.
- Longer Filtration Cycles**
 Unique Spiro-Mite grid design that maximizes efficiency and run times between cleanings.
- High-Capacity Compatible**
 A perfect match for today's high-capacity pool equipment, including the super-efficient IntelliFloXF® Variable Speed or 5 HP WhisperFloXF® Pumps.
- Reliable Backwash Valve**
 Made of Noryl® polymer with dirt excluding rotor seal for flawless operation under all conditions.

Technical specifications

Part Number	Model Number	Media Type	Filter Area (sq.Ft.)	Vertical Clearance*	Filter	Plumbing size	Filter Diameter	Flow Rate (GPM)	Turnover Capacity (Gallons)		
									8 hours	10 hours	12 hours
160448	C620	Cartridge	620	76"	Cartridge	2.5-3"	21.5"	180	86,400	108,000	129,600
