Revive™

Pool Light 10” or Spa Light 6” + Remote

REPLACEMENT
POOL & SPA LIGHTS

THE FASTEST, EASIEST, MOST VERSATILE POOL LIGHT UPGRADE ON THE MARKET

Bring Old Pools Back to Life.

The smarter, simpler way to replace outdated pool lights. PAL Revive™ gives pool professionals a fast, flexible way to upgrade aging lights with brighter performance, modern LED color, and wireless control.

Easy to install. Easy to control. Built for the break-and-fix job.

With 12V compatibility, an included wireless remote, and PAL’s innovative Cut & Replace™ wiring option, Revive helps contractors solve difficult replacement jobs while giving homeowners a dramatically better lighting experience.

- 3 Year Warranty
- Compatible With Major Pool Automation Systems
- Replaces Most Major Lighting Brands

CONCRETE | FIBERGLASS | VINYL LINER POOLS

64-PAL-SPA-REVIVE-150		Spa light, 150ft cable, Remote
64-PAL-SPA-REVIVE-100-T		Spa light, 100ft cable, Remote, Sonar Wi-Fi module, Transformer

- PAL Revive can operate on 12V to 24V DC input power or 12V to 14V AC input power.
- Each PAL 65W transformer (24V DC) can support any combination of Pool (27W) and Spa (10W) lights up to a maximum combined load of 52W.
- Maximum load per PAL 65W transformer: 52W (80% of nominal capacity.)

Examples:
1 Pool + 2 Spa Lights = 47W (can operate on one 65W driver / transformer)
2 Pool Lights = 54W (requires an additional driver / transformer)
